

LEADREACHER x CRM

CRM integration deck

A connected path from first outreach to closed opportunity.

CONNECTED CONTEXT

FASTER ACTION

CLEARER REPORTING

**Outreach context arrives ready
to act on.**

Replies, source, campaign context and next-step
visibility stay together.

ONE CONNECTED CUSTOMER JOURNEY

One connected path. From outreach to revenue.

The CRM becomes the shared history for every conversation LeadReacher creates.

BENEFITS FOR THE SALES TEAM

More selling. Less admin.

NEW CRM ACTIVITY

Prospect replied

Campaign context and conversation history are attached.

SOURCE

LeadReacher campaign

NEXT ACTION

Follow up while interest is fresh

Keep the team focused on conversations and next actions, not duplicate entry.

Replies retain context

The source, campaign and conversation stay connected for the rep.

Fewer duplicate updates

Less copying between outreach tools, notes and CRM records.

Faster follow-up

Teams can act from the workflow they already know and use every day.

BENEFITS FOR SALES LEADERS

The pipeline becomes easier to trust

Outreach activity, opportunity progress and revenue context can tell one consistent story.

- ✓ **Campaign-level attribution**
Understand which outreach creates replies, opportunities and commercial momentum.
- ✓ **Cleaner customer records**
Give teams a more complete history with fewer gaps and fewer duplicates.
- ✓ **Shared visibility**
Sales and leadership can work from the same view of pipeline progress.

LeadReacher starts the conversation.

Your CRM carries it forward.

A connected acquisition workflow, built around the tools your team already uses.

Connected context

Keep the customer history intact.

Faster action

Move from reply to follow-up sooner.

Clearer reporting

See outreach impact through the pipeline.
